Copic makes the highest quality markers in the world.

Copic is a true original. First widely adopted by the Japanese design and manga industry, Copic markers are now preferred by everyone from professionals to enthusiasts. Designed for lifetime use, you only buy a marker once. Refillable in over 350 colors, with replaceable nibs and a marker-based airbrush system, Copic markers are ideal for all styles of art, design, illustration, crafts, and more.

Copic features:
- Refillable
- Replaceable nibs
- 358 colors
- Guaranteed 3 year shelf life
- Guaranteed color consistency
- Permanent and non-toxic
- Alcohol-based ink dries acid free
- Photocopy-safe

Extend the life of your Classic or Sketch markers with the Copic ABS. The ABS allows you to color on a wider variety of surfaces and textures without wearing down your marker nibs. Unlike a typical airbrush system, the Copic ABS makes changing colors easy. Simply snap a different marker in place and you are ready to go.

Features:
- Lightweight
- Portable
- No mess
- Easy color switching
- Colors a variety of surfaces and textures
- Works with Air Cans & Air Compressor

1. Remove the cap from the Air Adaptor and screw the Air Adaptor into the base of the Air Grip.
2. Attach the Air Hose to the base of the Air Adaptor.
3. Unscrew the top valve most of the way out. Attach the Air Can nozzle to the hose.
4. Screw the valve back in to activate the Air Can.

NOTE: When you are done using the Air Can, unscrew the top valve from the air hose before removing the Air Can.
5. Insert your favorite Copic Original or Copic Sketch marker into the Air Grip as shown, with the broad nib pointing up, then press the trigger to spray.

COPIC Airbrush System Warning
- Use in an area with good air circulation.
- COPIC Markers are alcohol based. Keep away from open flame.
- Do not spray on people or animals.
- Air Cans are under pressure. Do not puncture.

Various Ink

Bring dry markers back to life with a few drops of Various Ink. Available in all 358 colors, these inks have been computer tested to guarantee color consistency for over 20 years. You can also create your own custom colors using empty Various Ink bottles.

Features:
- 358 colors
- 25 cc bottle
- Delivers up to 15 refills
- Consistent color guaranteed
- Uses booster needle for less mess

Refilling
Economical and ecological all Copic marker styles are refillable. Simply add a few drops of Various Ink to replenish your marker nib. Each bottle can refill your marker many times over.

Refilling Copic Markers
Match the color number of your marker with the Various Ink color number.

DRIP METHOD
This method applies to all marker types
1. Uncap both ends of the marker, hold at an angle & drip ink onto the broad nib, one drop at a time, checking fullness every few drops.
2. Dab any excess ink with tissue and clean any spills with rubbing alcohol.

Booster Method
For Sketch & Ciao Markers
1. Remove the broad nib from the marker.
2. Attach the booster needle to the top of the Various Ink bottle (A).
3. Add 2-3 cc’s of ink.
4. Replace the nib.
5. Clean the booster with rubbing alcohol.

For Classic Original Markers
1. For Classic markers, carefully insert the booster along the side of the nib and add 2-3 cc’s of ink using the Various Ink bottle to see the measurement (B).
2. Follow step 2 & 3 above.

Tips: Always replace the caps. The booster tool is sharp. Various ink will stain fabric.

Replacement Nibs

Replacing the Nibs on any Copic Marker

1. Using the tweezer tool, pull the broad nib out of the marker; for brush nibs be sure to grip the nib firmly at the base.
2. Carefully insert the new nib
3. The ink will wick from the inside out within a few moments

Tips:
- Frequent removal of nibs will cause poor contact with ink
- Only remove when they need to be replaced
- Do not use dry or bent nibs.

Replacing the Nibs on any Copic Multiliner SP

1. Using the changer tool, pull the nib straight out
2. Insert the new nib carefully, making sure to line the wick up correctly
3. Ink will flow in a few moments

Tips:
- Frequent removal of nibs will cause poor contact with ink
- Only remove when they need to be replaced
- Do not use dry or bent nibs.
